Unlock Your Creativity 2024

Name of the event: Unlock Your Creativity

Date of event: 5th October 2024

Time of event: 11.00 am to 2.00 pm

Location of the event: 108 seminar Hall

Number of Participants: 48

Details of the Event: The "Unlock Your Creativity" event commenced at 11:00 AM with an introductory session aimed at familiarizing the participants with the objectives of the event. This session was followed by a series of insightful speeches delivered by our guest speakers, Aryan Kyatham and Santo Sunny, who provided valuable advice on hackathons and career placement strategies. They guided the audience to become placement ready as well as approaches to develop projects which have a strong impact.

A lunch break was held from 12:00 PM to 12:30 PM, allowing participants to network and recharge before the next segment of the event. Post-lunch, the coding competition began, running from 12:30 PM until the event concluded at 2:00 PM. The coding event was a gamified way of learning where the students were asked to solve certain tasks using their coding skills.

About Unlock Your Creativity: "Unlock Your Creativity" is a key event of GDA council, which allows the participants to showcase their skills and creativity. It represents the combination of innovation and entertainment, offering participants an opportunity to witness and engage with the latest features in the gaming industry. The participants were asked to use the combination of their coding skills along with their logical and visual approach to solve the problems given to them.

Photographs of the event:

Students were able to solve the coding problems as it was easier to learn in a visual approach. Overall, it was a wonderful experience, the speeches of the speakers who had won multiple hackathons gave insights to the students, the approach to win and develop something that is useful for the people. Also the gamified approach of learning which allows students to solve the problems in a fun and competitive manner.

In conclusion, the event was a great success, thanks to the hard work and dedication of everyone involved. The attendees had a wonderful time and the feedback received was very positive. We look forward to organizing similar events in the future and continuing to create opportunities for the students.
